### WHY CHOOSE THE ECO-STAR?

The ECO-Star (EC130), made by Airbus Helicopters, is the safest and most comfortable tourism-based helicopter worldwide.

#### SEATING & WINDOWS

The ECO-Star features a 23% larger cabin than the common A-Star model. Wraparound windows throughout provide superior external visibility aboard the ECO-Star.

#### TAIL SECTION

The ECO-Stars' low noise Fenestron Tail Rotor reduces outside noise by 50%, enhancing the customer experience and limiting the effects on nature's habitats.

### THE MAVERICK DIFFERENCE

- Maverick Helicopters has received the Federal Aviation Administration's (FAA) distinguished Diamond Award for a fourth consecutive year
- To date, Maverick Helicopters has invested more than \$100 million in Quiet Technology helicopters, making it the largest and youngest fleet of ECO-Stars in the world
- The only company in the world to be named Travel Channel's "10 Best Helicopter Thrills" twice
- Maverick Helicopters' pilots have received more than 150 awards for safety and customer service
- Maverick Helicopters has the top safety record of any tourism-based aviation company in the world
- More than 200,000 guests experience Maverick Helicopters flights annually
